There will be a committee hearing on the measure this week.

Chicago policemen have been armed with rifles and a score of automobile squads organized to hunt down gangs of gunmen and armed robbers, who have been terrorizing the city for the past few weeks. The present police methods have been declared powerless to check the wave of crime which has resulted in many murders, scores of holdups and robberies and hundreds of holdups.

Former President William H. Taft, who will arrive in Louisville Wednesday, will deliver three addresses Thursday and Friday at Camp Zachary Taylor. The last quota of the first draft call will begin arriving at the cantonment Thursday night.

STOMACH ACTS FINE!
NO INDIGESTION, GAS,
HEARTBURN, ACIDITY

"Pape's Diapiesin" Fixes Sick, Sour,
Upset Stomachs in Five
Minutes

You don't want a slow remedy when your stomach is bad—or an uncertain one—or a harmful one—your stomach is too valuable; you mustn't injure it with drastic drugs.

Pape's Diapiesin is noted for its speed in giving relief; its harmlessness; its certain, unflinching action in regulating sick, sour, gassy stomachs. Its quick relief in indigestion, dyspepsia and gastritis, when caused by acidity, has made it famous the world over.

Keep this wonderful stomach sweetener in your home—keep it handy—get a large fifty-cent case from any drug store and then if anyone should eat something which does not agree with them; if what they eat lays like lead, ferments and sours and forms gas; causes headache, dizziness and nausea; eructations of acid and undigested food—remember as soon as Pape's Diapiesin comes in contact with the stomach it helps to neutralize the excessive acidity, then all the stomach distress caused by it disappears. Its promptness, certainty and ease in overcoming such stomach disorders is a revelation to those who try it.

DEATH OF GOOD CITIZEN

Mr. William R. Pleasants, one of the best men of the county, died at his home in the East End Friday afternoon at 5 o'clock. Had he lived until April he would have been 80 years old. Besides his wife, who was a daughter of the late Rev. W. T. B. White and a sister of Will White, of Ottenheim, he leaves two sons, Carlisle and Verna Pleasants. The burial occurred in the old family burying ground Saturday afternoon after brief remarks and prayer at the grave by Mr. J. C. McClary, of this city.

Mr. Pleasants was a fine gentleman and his death is the passing away of one of the landmarks of the county in which he had spent all of his long life. He is survived by a number of brothers and sisters and a host of relatives and friends.

WHEN YOU HAVE A COLD

It is when you have a severe cold that you appreciate the good qualities of Chamberlain's Cough Remedy. Mrs. Frank Crocker, Pana, Ill., writes: "Our five-year-old son, Paul, caught a severe cold last winter that settled on his lungs and he had terrible coughing spells. We were greatly worried about him as the medicine we gave him did not help him in the least. A neighbor spoke so highly of Chamberlain's Cough Remedy that I got a bottle of it. The first dose benefited him so much that I continued giving it to him until he was cured."

Five of the thirteen buildings in the group comprising the reformatory at Jeffersonville, Ind., were destroyed by the fire, entailing an estimated loss of \$100,000. One thousand two hundred and eighty-five prisoners in cell houses and dormitories were marshalled in orderly array and assembled in the quadrangle, a walled enclosure where "retreat" is sounded, each evening after the military fashion. None escaped.

John Bray, of Pulaski, was wounded while in action in France.

The finding of the body of Mrs. Joy Sparks buried under a table floor in Webster county has created a great sensation and a number of suspects are in jail awaiting examining trial.

The fuel administrator in Chicago says the coal situation in that city is so desperate that when two families can do so they should share a single apartment to keep warm and save fuel.

D. A. Hatcher and Tom L. Turner fought a fatal duel at Campbellsville, when the former threatened the daughter of the latter. Hatcher was very much under the influence of liquor.

Charles Douthitt must go to the electric chair for killing Vernon Simms, near Payne's Depot in December 1916, as affirmed by the Court of Appeals. Douthitt is 20 years old and Simms was 17.

The price of milk in Chicago, after two months investigation by the food administration, has been fixed at twelve cents per quart, but seventy per cent. of the milk producers have gone on strike.

Senator Parks in the Senate and Representative McGee in the House have introduced similar bills to abolish the office of county assessor and require justices of the peace to perform the duties of that office.

Oscar Johnson, charged with the murder of Walter A. Rice at Paris last week, waived examining trial before Judge George Batterson of the Bourbon county court and was recommitted to jail without bond to await the action of the grand jury.

The Fuel Administration has under consideration the elimination of one-third of the present electric railway stops on both urban and interurban lines, as a means of saving fuel supplies. Experts estimate that enforcement of the plan would conserve more than 1,500,000 tons of coal a year.

The Rogers joint resolution declaring the Secretary of War, immediately upon admission of enlisted men or officers to an army hospital, to telegraph notification to the nearest relative, giving the patient's condition and the nature of the malady, was favorably reported to the House by the military committee.

J. Edgar Mann was held in Mt. Sterling for making abusive remarks about the President and government officials. In addition to his strictures on the President he is alleged to have said that the author of the food law ought to be soaked in coal oil and burned, and that he would be glad to stick the match to him.

Forty-six of fifty-five persons charged in an indictment returned by the federal grand jury with conspiring with William D. Haywood, secretary of the I. W. W. and others to hinder the execution of the laws of the United States in the prosecution of the war with Germany were arrested at Sacramento. The charges include alleged obstruction of the selective draft act, causing strikes and encouraging sabotage. Bail was fixed at from \$2,500 to \$3,000.

That George L. Martin, missing secretary of the German Savings Fund Building Company Association Louisville, placed obstacles in the way of withdrawal of funds by depositors for the purchase of Liberty bonds became known in connection with investigations now proceeding.

An additional shortage of \$1,500 was added to the shortage of \$131,000 due to Martin's juggling of the mortgages of the association. A reward of \$1,000 is offered for his arrest.

The dog tax bill that has the approval of a number of State agricultural associations which met at Lexington recently during Farmers' Week of the College of Agriculture was introduced by Editor Bell, representative for Anderson. It provides a tax of \$2 upon all male dogs and \$4 on female dogs and required that they must not be permitted to run at large. The passage of this bill is declared to be absolutely necessary if the raising of sheep in Kentucky is to be possible.

ABOUT CONSTIPATION

Certain articles of diet tend to check movements of the bowels. The most common of these are cheese, tea and boiled milk. On the other hand raw fruits, especially apples and bananas, also Graham bread and whole wheat bread promote a movement of the bowels. When the bowels are badly constipated, however, the sure way is to take one or two of Chamberlain's Tablets immediately after supper.

Ed Davis sold to N. H. Peel, of Nicholasville, a horse mule for \$180. Worth Stigall bought the Charles Tate farm in Pulaski county for \$15,000.

Rev. Z. T. Pence, of Campton, was granted a divorce from Martha Pence on one day and on the next he was married to Miss Mollie Campbell.

Miss Marion Boggs, the beautiful daughter of Mrs. F. D. Boggs, of Danville, was married Monday morning to Robert Tyler, a Centre College student from Winchester.

L. J. Huddleston, of Monticello, and Miss Josephine Skidmore, of this section, were joined hand and hand on the 7th. Mr. Huddleston, who is 30 years old, is a prominent farmer of Wayne county. His bonnie bride, who is just 19, is an exceedingly pretty girl and is very popular in the section in which she lives.

Mr. and Mrs. George Doneghy Mahan celebrated their fiftieth wedding anniversary Wednesday evening at the home of Mr. and Mrs. Daugherty White Mahan on North Third street. In spite of the disagreeable weather many friends called during the evening to congratulate the happy couple. They were fortunate to have present their six children, who received with them. The house was made very attractive with the many flowers sent by friends, and many lovely presents were displayed and greatly admired. The old-fashioned bouquets, a beautiful thought of friends of many years, made them feel as young and happy as they did on their wedding day. Salad and coffee were served during the evening. All present joined in singing "The Bride and Groom of Fifty Years Ago," sent especially for the occasion by a life-long friend, who wished them many more years of happiness.—Danville Advocate.

Cincinnati Man Discovers Drug That Loosens Corns So They Lift Out

Good news spreads rapidly and drugists here are kept busy dispensing freezone, the recent discovery of a Cincinnati man, which is said to loosen any corn so it lifts out with the fingers.

A quarter of an ounce costs very little at any drug store which handles drugs, but this is said to be sufficient to rid one's feet of every hard or soft corn or callus.

You apply just a few drops on the tender, aching corn or toughened callus and instantly the soreness is relieved, and soon the corn or callus is so shriveled that it lifts out without pain. It is sticky substances which dries when applied and never inflames or even irritates the surrounding skin.

This discovery will prevent thousands of deaths annually from lockjaw and infection heretofore resulting from the suicidal habit of cutting corns.

THE LARGEST LOCOMOTIVE

The greatest steam locomotive in the world has been put into service by the Baldwin locomotive works. It is so gigantic that its boilers had to be made flexible at three different joints so that the locomotive could turn around a curve. It is more than 100 feet long and weighs some 450 tons. Twenty-four driving wheels, each standing as high as an averaged sized man, afford its traction.

CHAMBERLAIN'S TABLETS

These Tablets are intended especially for disorders of the stomach, liver and bowels. If you are troubled with heartburn, indigestion or constipation they will do you good.

FOR FATHERS AND SONS

The Y. M. C. A., with a number of local helpers, is planning to make Fathers and Sons' Night on Friday evening, a big success. They will all be there, for if the father doesn't bring his son, then each boy will bring his daddy. If either is so unfortunate as not to have the other, then he will "adopt" some one for the occasion. Fatherless boys, as well as men who have no sons, are especially wanted. There are some, no doubt, who feel that the present day boy doesn't show the proper appreciation of his father's companionship. It will be shown whether there is sufficient grounds for the lament. The boy's amusements now include many games his father never learned, but both will probably enjoy a game of chess or checkers. The one will take the other back to the time when "he" was a boy, and may receive in turn some helpful suggestions as to the right kind of amusement. Howard Brazelton, Jr., will tell the grown-ups the parable of "The Prodigal Father."

Cashier W. M. Bright will point out to the youngsters "The Character and Training Necessary to Business Success." There will be other five minute talks by gifted speakers. The quiz box will be interesting to all alike. There will be many other features, but "censorship" forbids more. It is impossible—and quite inexpedient in this instance—to dissociate the good women in this fine endeavor, and as in occasional other projects of this nature, they are to furnish the refreshments for the soiree. The committee on arrangements requests all mothers to leave at The Princess some time Friday their donations in the way of sandwiches, pickles, sugar or milk for hot chocolate. There feminine hands will take charge and serve at the proper time to those assembled at the K. P. Hall.

CHANCELLOR MAKING GOOD

The following, telegraphed from New Orleans to the Courier-Journal, will be read with interest by the many friends of the former Lincoln county boy, who is making such a pronounced success out of the racing business: "George Chancellor seems to have fared the best of any of the Kentuckians who came here this winter, as in addition to winning a number of races he has gathered together an excellent stable of horses to start North with. He has furnished two track-record breakers, Emden, which ran six furlongs in 1:11 4-5, and Top of the Morning, which went the same distance in 1:11 1-5. He claimed both of these horses since he came to New Orleans, and he got them both at much below their true value. It is doubtful, however, if Emden will be of any further use to him till he gets back to Kentucky, as he has been very sick. He is mending now, but Chancellor will make no effort to hustle him to get him back to the races."

STANFORD WIDOWER

CONGRATULATED

"Since my wife's death, five years ago, I have suffered greatly from stomach and liver trouble and gas attacks. I lost over 50 lbs., and at times was as yellow as saffron. My doctors could not help me. Six doses of Mayr's Wonderful Remedy have entirely cured me. I have regained my weight and even one is congratulating me how well I look." It is a simple, harmless preparation that relieves the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. Lincoln Pharmacy and The Penny Drug Store.

RED CROSS ITEMS

This chapter is asked to make many compresses by March 1st. Will all who can, come to the workrooms? All who have remnants of yarn, of any color, give to Mrs. John Baughman, as soon as you will.

A Junior Membership drive starts on Lincoln's birthday, continuing through Washington's birthday. Will every school boy and girl in the county join? This is a 25c membership.

The Red Cross Chapter was asked by the hospital corps of Camp Taylor, to send some jellies there. So far only seven jars have been donated. Can't Lincoln county afford more than seven jars of jelly?

CARD OF THANKS

We take this means of thanking our neighbors and friends for their kindness and apparent sympathy shown during the illness and death of Mrs. Dove Garner. We are indeed grateful for the beautiful flowers which were a great comfort to us.—Mrs. Sue Jones, Miss Mary Siler and Mr. Luther Garner.

H. & McC. SELL ANOTHER

Hughes & McCarty, of this city, sold Monday to J. A. Hollars what is known as the A. R. Spears farm of 82 acres, lying in the West End, to Burgess and J. T. Lawson for \$80,000. The former Lawson lives in this county but his brother is a resident of Harrison county.

NEGRO DOCTOR SUED

J. G. Glass, a colored doctor of Lexington, brought suit through his attorney, E. T. Wesley, for \$25,000 damages against the negro doctor Anderson. The suit alleges that Anderson has alienated the affections of his wife. She has been at the Anderson Sanitarium about a month.—Somerset Journal.

THAT'S NOT MUCH FOOD

Washington figures show that American farms produced twenty-one billion dollars' worth of food in 1917. Well, at present prices that isn't much food.—Courier-Journal.

Abdul Hamid, former Sultan of Turkey, is dead at Constantinople.

ED MORROW'S GOOD ADDRESS

Hon. Edwin P. Morrow's splendid address to the members of the Liberty Service League and others who had gathered at the court-house Saturday night is complimented on all sides. He was introduced in well chosen words by Hon. P. M. McRoberts and every mention of the distinguished guest's name was loudly applauded. Mr. Morrow's subject was "Patriotism," and it was a purely patriotic address. He told of the necessity of following the rules laid down by the several heads of the conservation boards and admonished his hearers to stick together and do all in their power to help win the war by raising big crops and giving the boys who have to do the fighting all the encouragement possible. His tribute to Red Cross women was beautiful. Mr. Morrow insisted that there be no criticism of those who are directing the war; that they are doing their full duty, and are in much better position to know how to handle the perplexing situations that arise than are those who are frequently heard speaking disparagingly of this move or that by the President or some one of his secretaries. The speech would have made excellent reading and we regret that space forbids a more extended mention of it. Mr. Morrow is very popular in Lincoln county, and he was given the glad hand by hundreds while here.

DANVILLE MESSENGER SOLD

Mr. Hubert McGoodwin has sold his good paper, the Danville Messenger, to Editor J. C. Alcock, editor and owner of the Jeffersonian at Jeffersonton, Jefferson county. Mr. Alcock has sold half interest in his Jeffersonian and will move to Danville and take charge of his new purchase. He is an experienced newspaper man and should do well in his new field. The Messenger is one of the best newspaper plants in the State. It is with general regret that the Kentucky newspaper men give up Mr. McGoodwin, who will, it is understood, retire from the press. He is very popular with the boys of the press and it is hoped by them that he will ere long get back into harness. Assisted by Messrs. George H. Hocker and Lewis W. Landrum, he has made the Messenger one of the very best papers in the State and with no desire to discourage Mr. Alcock, this paper makes the assertion that he has a man's job before him to keep the Messenger up to the standard set by the gentlemen above referred to.

DR. REID'S NARROW ESCAPE

News comes from "somewhere in France" that Dr. Horace Reid, son of Mr. and Mrs. Forestus Reid, of Stanford and Danville, had a very narrow escape while in service "over there."

Dr. Reid and 11 other physicians, eight of whom were English, had just completed a heavy day's work dressing many hundred wounded soldiers and four of the number left the field hospital, which is a dug out, some 30 feet under the ground, to get a little fresh air. Dr. Reid was one of the four and while they were enjoying their little outing a shell from a German gun exploded near them, killing one of the physicians, maiming another, and knocking Dr. Reid down and covering him with dirt. Fortunately he escaped injury, but he is many friends back home regret to learn of his illness but are delighted that he fared so well in the face of such great danger.

MRS. E. R. DAVIS DEAD

Mrs. E. R. Davis, who was a daughter of the late Wm. Stuart, of Crab Orchard, is dead at her home at Clendenin, W. Va. She was reared at Crab Orchard and spent the greater portion of her life in Lincoln county, having moved to West Virginia some 15 years ago. Besides her aged husband, she is survived by two sisters, Mrs. L. B. Jones, of Crab Orchard, and Mrs. Vallandigham, of Ghent. Mrs. S. Logan Stephenson, of Maywood, is a niece of the deceased and she, with Mrs. Jones, paid her a visit last fall. Her home paper speaks of Mrs. Davis as a christian lady of the highest type and a very devout member of the Baptist church.

WILL CROWN HER QUEEN

The East End Club, a colored organization of Stanford, will have a contest at the First Baptist church on Thursday night. Three young ladies are put up and to ascertain which is the most popular a voting contest will be held. The girls are Misses Cora Logan and Kitty Dawson, of Stanford, and Anna Perkins, of Lytle. It only costs 10c admission to the entertainment, which promises to be an interesting one, and each person buying a ticket will be given ten votes.

THE WOMAN'S CLUB OFFICERS

The annual election of officers of the Woman's Club was held in the Club Rooms Saturday, Feb. 9th. The following officers were elected: Vice-president, Mrs. Wm. Severance; secretary, Mrs. W. P. Kincaid; treasurer, Mrs. Wm. Shanks. These officers were elected to succeed Mrs. W. K. Warner, Miss Ophelia Lackey and Mrs. T. J. Hill, for whose faithful work, a vote of thanks was extended by the club.

A HINT TO THE AGED

If people past sixty years of age could be persuaded to go to bed as soon as they take cold and remain in bed for one or two days, they would recover much more quickly, especially if they take Chamberlain's Cough Remedy. There would also be less danger of the cold being followed by any of the more serious illness.

KILLED BIG GREY EAGLE

Raymond Traylor, who lives near Duddar's Mill, killed an immense grey eagle the other day. The bird measured seven feet and four inches from tip to tip. He sent it to Cincinnati to have it stuffed and mounted.

THE LATEST WAR NEWS

Russia has declared herself out of the war. Without formally signing a peace treaty she has, through her representatives at Brest-Litovsk, declared the state of war with Central Powers at an end and ordered her troops on all fronts demobilized. This news, coming through Berlin, follows quickly the announcement of the signing of a peace with the Ukraine. With Rumania isolated and helpless, the war on the entire eastern front may now be said to be at an end. Peace negotiations between the Central Powers and the Bolshevik Government, which seized power in Petrograd in November, were opened on December 23, last, after the way had been paved by the signing of an armistice on December 4. Many times reported broken off, the negotiations have been in progress, with brief intervals, ever since culminating in the announcement Monday.

Again American troops holding the lines in the region of Mihel have come into contact with the Germans and suffered a few casualties. These men, operating in that dangerous territory between the lines known as No Man's Land, were ambushed by a superior force of the enemy, but fought valiantly against great odds until they were either killed or made prisoners. Only one man out of the little party of ten succeeded in regaining the American trenches and he was wounded. Five of the Americans are believed to have been killed. The other four are missing. Immediately the patrol was attacked the guns of the Americans in the trenches laid down a barrage against the Germans, and judging from the remarkable accuracy of aim the gunners have shown recently, it is believed along the American front that some members of the enemy party were killed or wounded.

Much pleasure is being evinced in both Austria and Germany over the success of the Central Powers in effecting a separate peace with the Ukraine. While the exact terms of the peace have not yet been announced, it is expected that the Central Powers will lend their aid to the Ukrainians in suppressing the Bolsheviks, and that in return Germany and Austria will receive much of the wheat and other food supplies in the Ukraine, on which it has been known for a long time they had set their hearts. Peace with the Ukrainians having been settled, the Central Powers now are bent upon a cessation of hostilities with Rumania. The time limit of the ultimatum sent by them to the little kingdom demanding that peace negotiations be begun has expired, but it is not known whether Rumania gave a favorable reply or declined to treat with the enemy. It is known, however, that the Rumanian Cabinet has resigned.

Revolting stories of the barbarous treatment of Italian prisoners by the Germans have been received by Reuters' Limited in London. The men are given only half rations, it is said, and when they rushed for their soup they were bayoneted by their captors. Others were shot for trying to get food from the British prisoners. Men are dying in the camps every day through starvation or dysentery. Some of the captives were marched all the way from Italy with only bread to eat. One man said he had been fifteen days on the journey and had been given three meals.

COULDN'T RESIST TEMPTATION

The other night Jack L. Beazley missed a fine turkey gobbler which for some time had made the habit of roosting in a tree on the pike. Believing that he had been stolen, he sought T. K. Tudor, the poultry man, who told him he had just bought a big, fine gobbler from Frank Thurman of color. Mr. Beazley, having procured the gobbler set out to find the man who had purloined him, and located him at R. C. Hocker's. When confronted, he admitted his guilt and said that he just couldn't resist the temptation to grab the bird as he passed by. He was held over in \$100 bond, which he gave. Thurman has heretofore borne a good reputation and his effort to obtain goods without putting up either money or its equivalent comes as a surprise to many.

GIANT FROM LINCOLN ENLISTS

The Lexington Leader has the following: Williams Bell Bryan, of Stanford, six feet, two inches tall and weighing two hundred and eighty and one-half pounds, went into the local recruiting office yesterday and volunteered for enlistment in the Quartermaster department of the aviation section. He is within the draft age and was accompanied by a letter releasing him from draft service in the army if he was accepted by the recruiting officers here. Bryan is a rural product and every inch of his six feet two is bone and muscle. He will be sent to Louisville in a few days for secondary examination and to be sworn in.

W. A. TODD DIES SUDDENLY

Mr. W. A. Todd, who lived for years on the Drake's Creek farm in the East End of this county, died at Berea Sunday of pneumonia, aged about 55. The burial will take place at Berea Thursday morning at 10 o'clock. Mr. Todd moved from this county to Mississippi, where he had large holdings of real estate, but he called Berea his home and a portion of his time was spent there. He was a hustling farmer and trader and had amassed considerable money. His wife and two daughters survive. Mr. Todd had a \$10,000 life insurance policy in the Mutual Benefit Life Insurance Co., written by that company's agent here, Mr. R. M. Newland.

KILLED BIG GREY EAGLE

Raymond Traylor, who lives near Duddar's Mill, killed an immense grey eagle the other day. The bird measured seven feet and four inches from tip to tip. He sent it to Cincinnati to have it stuffed and mounted.

THE DOG MENACE

It is proposed in congress that as a war measure a Federal tax be imposed on dogs, which are claimed to kill so many sheep as to render the wool supply for soldier's clothing almost impossible to get. A member presented a table to show that in several states the raising of sheep had become so unproductive owing to the ravages of dogs that it had been abandoned. According to the table a large majority of those who responded from Kentucky to the question, "Is sheep raising profitable?" answered in the negative, mainly giving sheep killing dogs as the reason. One of the members said that he would like to see the tax placed at \$50 for each dog as then the number of sheep could be produced that would meet the great demand for wool.

A new dog license tax law has just gone into effect in Pennsylvania, induced by the large slaughter of sheep. Each male dog must pay \$2 and each female dog \$4 and there is a very stiff fine, to be worked out in jail, if not paid for failure of an owner to secure a license for his dog.

In this state several mass meetings of sheep raisers have been held to urge the legislature to pass a stringent dog tax law and there is a probability that it will be done. It really looks like we have to choose between the dog and the sheep and it ought not to take long to do so.

This paper has once or twice mentioned the unpatriotic acts and talks of H. Boyce Taylor, moderator of the last state Baptist Association and the action of several churches in denouncing and repudiating them. Another chapter of the story has been written by a government detective sent from Washington to investigate the treasonable utterances, according to one of the preacher's home papers, the Murray Ledger. The detective spent several days at Murray investigating and while he made no public statement the presumption is that a warrant will be issued for Mr. Taylor's arrest as the paper says that he is alarmed and will use his utmost endeavor to get Gov. Stanley and the two U. S. senators to try to have the prosecution stopped. It is not likely, however, that these officials will attempt to shield the clerical offender as the matter is too serious for official influence to be effective. Mr. Taylor seems to be in a pretty hot box and in his predicament he will have no sympathy, if the half told of him is true. Treason must be put down even if those who are convicted of it are shot down.

Brer Giovannoli, of the Lexington Leader, continues to trot out possible candidates for Senator Ollie James' toga. The list so far embraces Judge Charles Kerr, of Lexington, McKenzie Moss, of Bowling Green, and Dr. Ben. L. Bruter, of Louisville, none of whom is the senator's equal in any respect and could not bent the big senator if he were. Remembering what a failure he made as a Warrier in the local contests, it would seem the part of wisdom for the Leader man, to use the classic language of the slang monger, to go away back and sit down.

The failure of the gas company to supply the citizens of Lexington with gas sufficient to make heat has resulted in an indignation meeting and an order by the city commissioners to their legal department to institute suit to forfeit its charter. It is also recommended that the people go back to coal heating and give the gas company a permanent rest. It certainly has proved a delusion and a snare, so far, we are told, and really good only for cooking in the summer months.

Emma Goldman and her partner in sin, Alexander Berkman, are at last getting what his long been coming to them. She is in the Missouri penitentiary making clothes for the other convicts and he is at some proper work in the federal penitentiary at Atlanta. The conviction was for obstructing the selective draft and the sentence two years each, but if they are made to atone for all their crimes they will never breathe air of freedom again.

The Billy Sunday meetings in Washington are failures compared with the very pronounced success of those in Atlanta, where he set the old town wild, and the evangelist ascribed it to the knocking preachers, whom he characterizes as "mouth pieces of the devil and stool pigeons of hell." Those preachers ought to beware, Billy may get mad sometime and use really rough language towards them.

The \$50,000 appropriation for the tax commission went through the legislature like greased lightning, there being but slight opposition in the House and only four votes against it in the senate. If it is really needed the commission ought to have it but to the average man it looks like a big sum to add to the already big sum at its disposal.

In the temporary absence of the speaker, Dr. W. B. O'Bannon presided over the house a few days ago and the dispatches say he did it with grace and dignity. "By Joe" we knew he would. Like Champagne Charley, Lincoln county's splendid representative is good for any game and works well any where they put him.

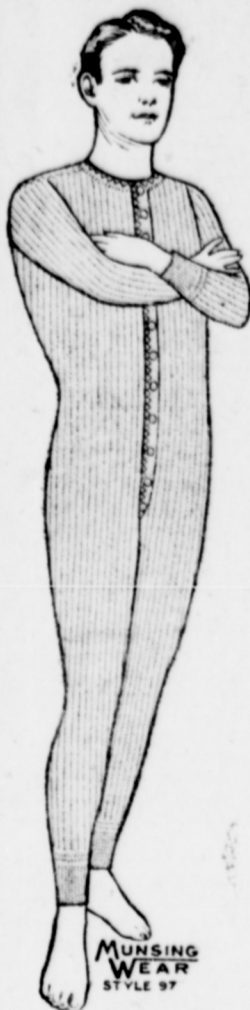

It takes the Kaiser to "bust" a strike. When a large number of men went out he had an order issued that those who did not return to work would be hanged in 24 hours. It is needless to say that even the walking delegate under such persuasion was willing to give up his job and do some honest labor.

It is perhaps unfortunate that the report that Col. Roosevelt had died of the operations on his ears was slightly exaggerated. He is still alive and kicking everything that the administration is doing and thus aiding the Kaiser.

He is also very complimentary of the men in authority at Camp Taylor.

The matter was referred to the street committee, which will make its report soon. This and some routine work was the extent of the business transacted.

A CHILD'S TONGUE

SHOWS IF LIVER OR BOWELS ARE ACTIVE

If Cross, Feverish, Sick, Bilious, Give Fruit Laxative At Once

Every mother realizes, after giving her children "California Syrup of Figs," that this is their ideal laxative, because they love its pleasant taste and it thoroughly cleanses the tender little stomach, liver and bowels without griping.

When cross, irritable, feverish or breath is bad, stomach sour, look at the tongue. Mother! If coated, give a teaspoonful of this harmless "fruit laxative," and in a few hours all the foul, constipated waste, sour bile and undigested food passes out of the bowels, and you have a well, playful child again. When its little system is full of cold, throat sore, has stomach-ache, diarrhoea, indigestion, colic—remember, a good "inside cleansing" should always be the first treatment given.

Millions of mothers keep "California Syrup of Figs" handy; they know a teaspoonful today saves a sick child tomorrow. Ask your druggist for a bottle of "California Syrup of Figs," which has directions for babies, children of all ages and grown-ups printed on the bottle. Beware of counterfeits sold here, so don't be fooled. Get the genuine, made by "California Fig Syrup Company."

We Hope We Have Your Size
WE ARE OFFERING YOU A REAL OPPORTUNITY AT PRESENT ON WOMEN'S SHOES. These shoes represent incomplete lines of this season's goods—incomplete from the fact that it is almost impossible for us to foresee just exactly how any one of our many different sizes are going to sell. In consequence we are entirely out of some sizes and very low on others. We offer dull kid, glazed kid, patent leather, light or dark grey, dark brown, or champagne, with or without fancy tops, in English toes, or high French heels, or conservative models.
